Unforgettable experiences

Exploring London from the Thames

Hello London

Welcome to the capital's
leading riverboat service

We're London's leading riverboat service, providing our passengers with a unique way to get around the capital. As well as catering for sightseers and commuters, we also offer a deluxe and highly versatile corporate and private hire service for those wishing to explore London in comfort and style.

With a choice of 18 vessels ranging from 12 to 220 capacity we offer transport for sports stars and rock stars to events and concerts, wedding parties, company functions and even a location for filming and photoshoots.

Let us show you what we can do.

Fantastic service and have always been impeccable with timings – the team make the journey's into The O2 seamless and I look forward to working together again.

BIG GROUP (Mastercard)

Working with Uber Boat by Thames Clippers has been a delight for me as a person and us as a company.

We are always presenting them with challenges, never to be told “no” always “let's take a look” (and they always appear to succeed).

Denholm Port Services Limited

Love it!

Uber Boat by Thames Clippers are the fastest and most frequent fleet on the river, with 18 vessels available for private hire. Each of our catamarans are spacious, stylish and staffed by a friendly and experienced crew.

For our corporate and private clients we offer seven different sizes of vessel with the option of carrying between 12 and 220 guests. The route, length and speed of journey, stop off locations, style of catering, use of facilities on board and time of travel are flexible.

This means we can deliver a vast range of events; from business meetings, presentations, networking days, conferences, celebrity parties and product launches to marriage transfers and excursions for family and friends.

We apply our expertise in hospitality and knowledge of the river to create the right mood and feel for your specific function.

Yum!

Whether you're travelling in the morning, afternoon or evening, we can provide for your every need and occasion. From wedding transfers to corporate drinks receptions we will customise our offer to suit you and your clients requirements.

“Action!”

There are a variety of ways to add the Wow factor for private hires. One of these is to customise the boat with branding to suit your client. Logos, images and videos can be included in various ways via; digital screens, printed flags, interior vinyl (windows, panels and tables), head rest covers and more.

Our vessels offer an impressive yet functional way of doing business with new associates or treating colleagues. Make your presentation seamless with the support of our on-board screens and microphone. We offer a memorable and unique opportunity to give any presentation impact while gliding through the heart of London.

Our vessels can also be chartered for filming and photoshoots. There's no better backdrop for your shoots than London from the river. Our boats have been featured in TV dramas, documentaries, reality television, sports programmes, adverts and many more.

Uber Boat by Thames Clippers and their staff made filming on the clipper boats very straight forward and easy, with clear guidelines of what is possible and a can-do attitude towards filming.
